CAPE YORK

Cape York Peninsula is one of the last unspoilt frontiers in Australia. Until a little over 100 years ago only indigenous Australians enjoyed this unique paradise. Even now, it still remains a wild sparsely populated wilderness that is trafficable only in the dry season and then only by 4WD vehicles for most of the way. To travel overland to the Cape is still a true adventure allowing the traveller to see the unspoilt and diverse scenery, wildlife and birdlife at close range. Reaching the tip of Cape York and overlooking the myriad of exotic and unspoilt islands, is truly an awe inspiring experience. With only these beautiful islands, reef and azure waters between Australia & Papua New Guinea, one can truly appreciate the experience of standing on the most northern tip of the continent. *Refer to page 6 & 7 for detailed tour itinerary.*

THE GULF SAVANNAH

The Gulf Savannah region is a safari country of golden Savannah grasslands. Encompassing an area of some 186,000 square kilometres, it is Australia as it once was. The "Outback by the Sea", as the Gulf Savannah is also known, is a high road to adventure, a passport to history and an eye-opening experience in one unique package.

The Gulf Savannah offers the serenity of mile upon mile of untouched bush-land, historic mining towns, the unique "Gulflander" and extraordinary "Savannahlander" trains, remote cattle stations, spectacular sunsets at Karumba, the fascinating Undara Lava Tubes, the Historical Village of Herberton and the majestic Cobbold Gorge. *Refer to page 5 for detailed tour itinerary.*
